- Pre-requisites for digital logistics: requirements for change

**People:** mindset, understanding, leadership, motivation, support

# Meaningful dialogue to create change

European Commission

# Next Meeting: 12-13 Nov 2020 (Geneva)

---

## Agenda

- Global logistics trends within the European sphere
- Digitalisation in logistics – the destination, and how do we get there? Time to act
- Sustainable mobility: dialogue for change and how do we get there
- Global institutions in a changing world; why it matters
- Leadership / cross-industry / all transport modes

... new ideas ... open discussions ... debate ... workshops ... Q&A ...  
networking ... collaboration ... learning ...

Hosted by the United Nations, Geneva
