**Baris AB- R2L Vega International Car Transport and  
Logistic**

Everything we are  
doing affecting the  
future

*“Good decision come from experience.  
But experience comes from bad decision.  
Learn from mistakes and go ahead”*

# CHANGING HOW WE MOVE AND MAKE IT RIGHT FOR OUR CHILDREN'S FUTURE

“We found the solution to reducing the CO2 emissions of truck transportation by 90% and therefore help solve the truck driver crisis”

*The future is green, or not at all* – Jonathan Porritt

**Driver shortage will accelerate to 2-3 Million truck drivers missing till 2030 !**

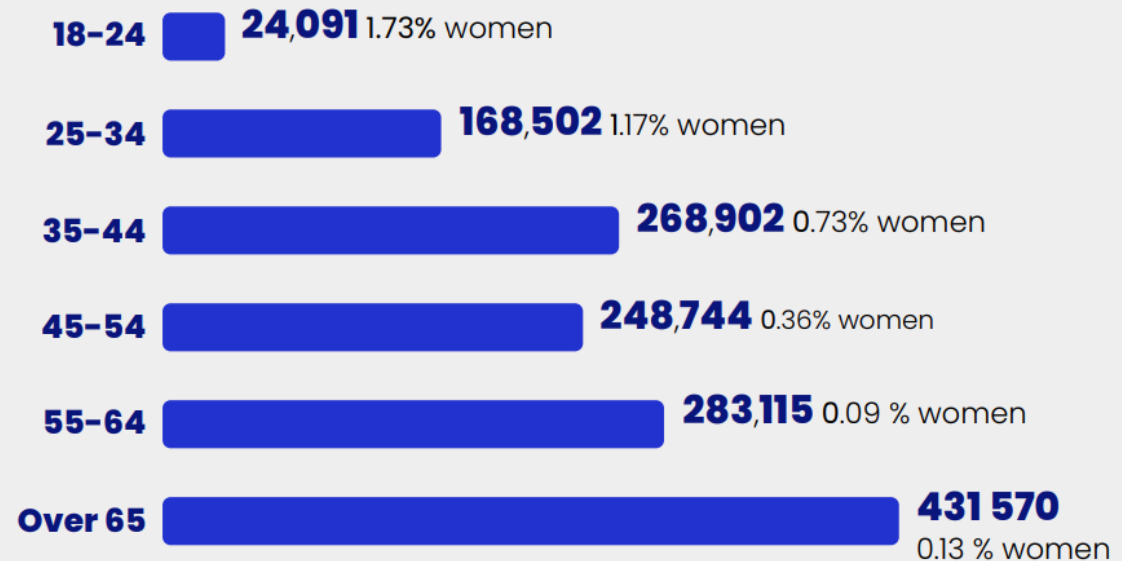

i.e: drivers situation in Poland :

## Senior drivers in Poland

- The average age of a professional driver\* is **over 50**.
- 430,000 licensed\*\* C+E holders are **older than 65**.
- There are **980,000 C+E drivers** under that age.
- **160.6 thousand** certificates were held by drivers who were foreigners in 2022 (UA 127,389/ BY 28,496/ others 4,779)\*\*\*.
- **1,234** registered trucks.

\* According to the International Transport Organization 3 GITD data 2022.

\*\* CEPIK data for 2019

\*\*\*3 GITD data 2022

# COMPLICATED

---

- . Complicated to implement
- . Unavailable for immediate use
- . Too expensive

---

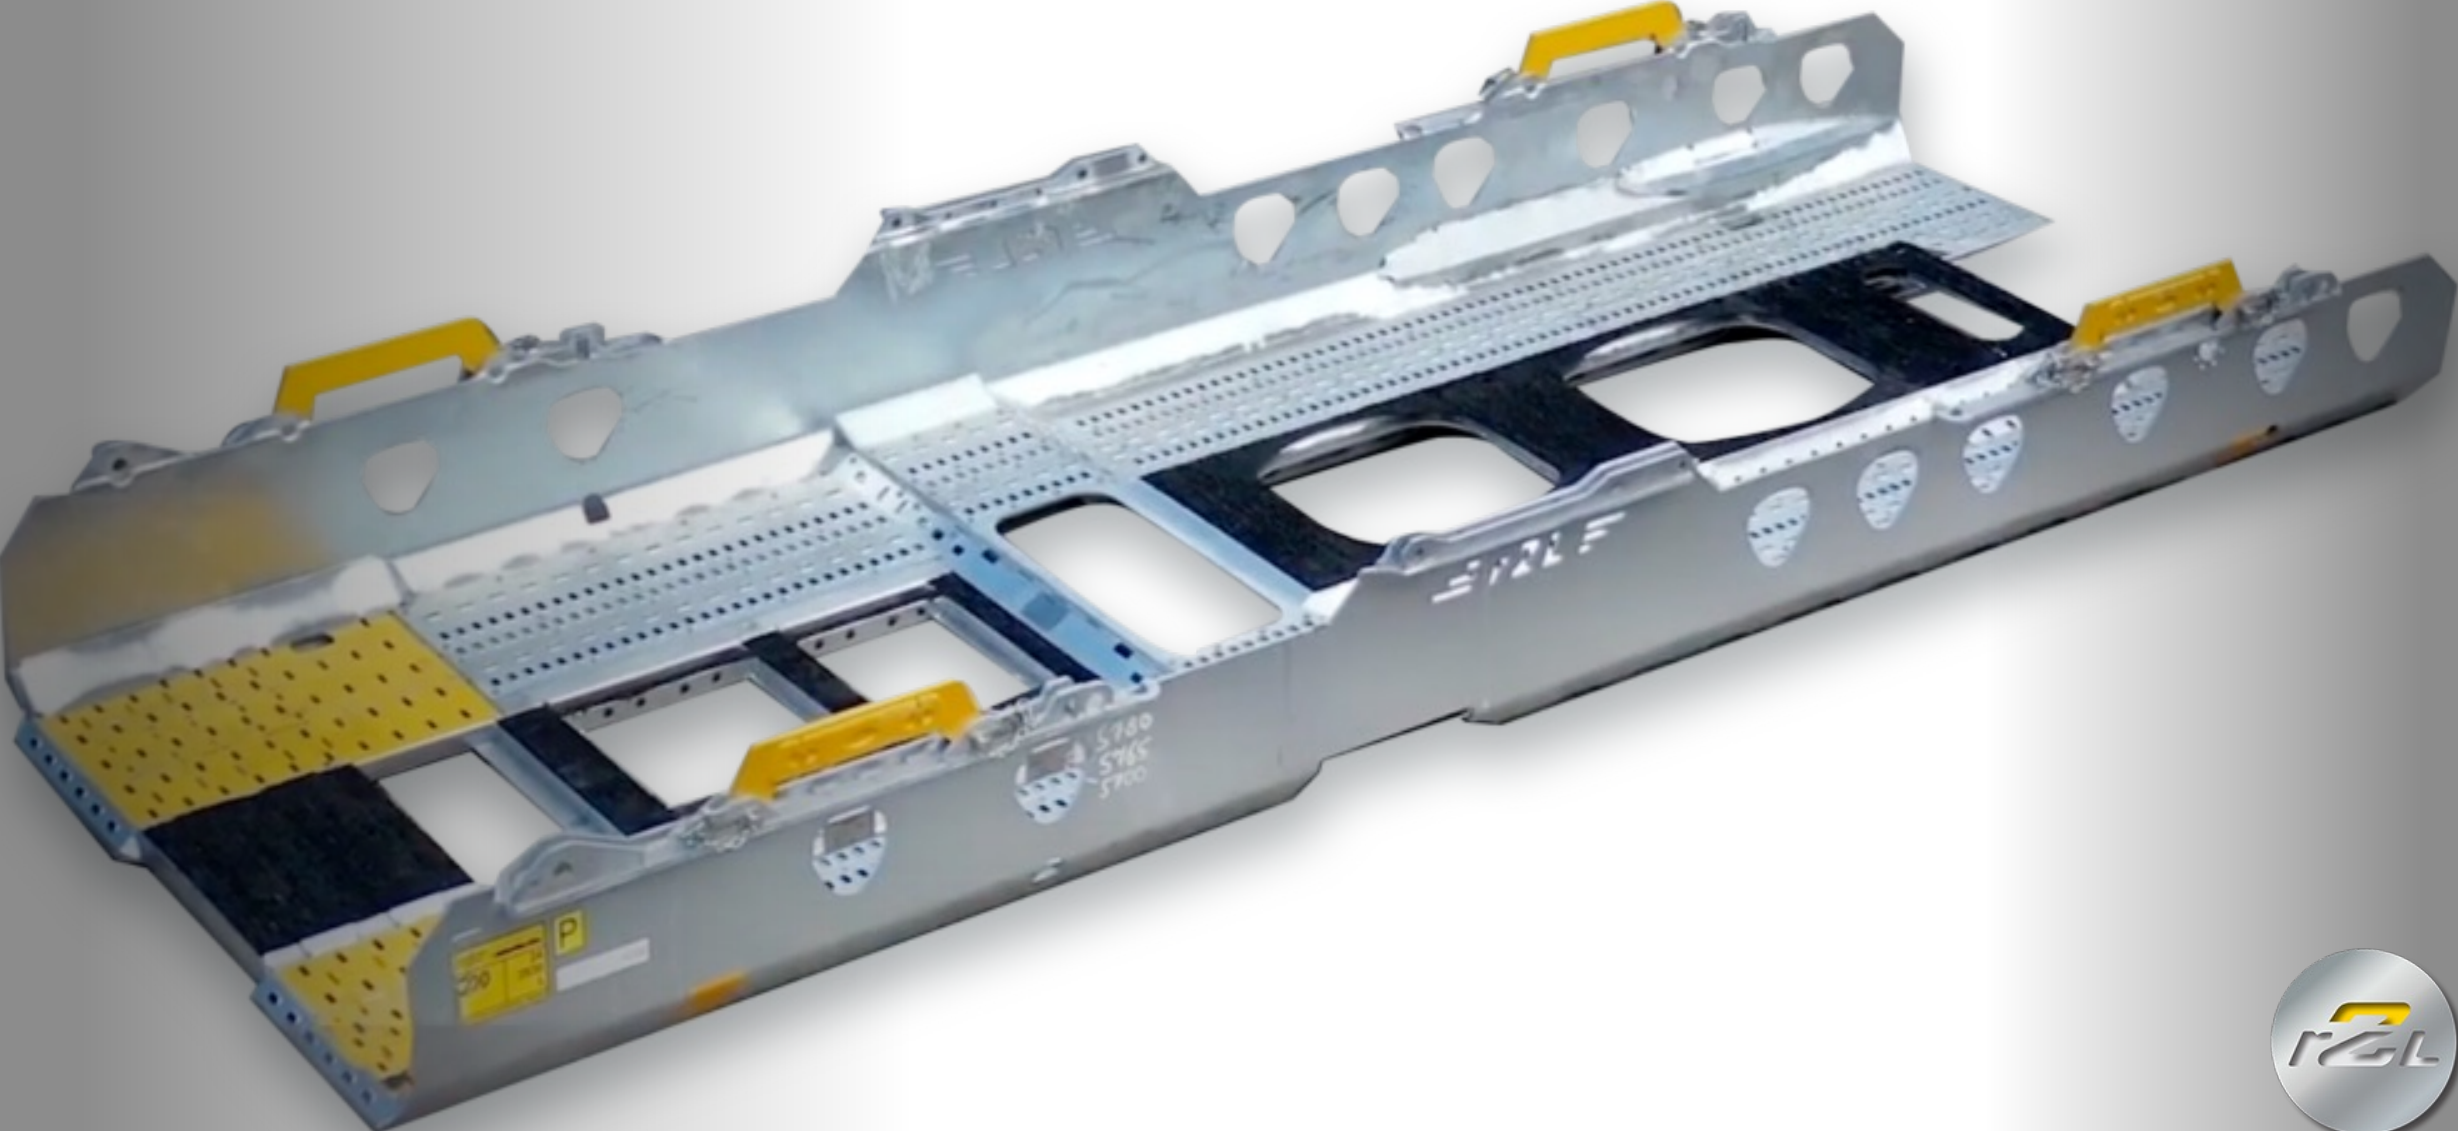

# NO TIME TO WASTE

---

THE WINNER IS THE ONE THAT CAN GET THE GOODS FROM POINT A TO B IN THE FASTEST AND SAFEST WAY,  
ALMOST 100% CONTRIBUTION TOWARDS ZERO EMISSION GOAL

**WE MAKE THE IMPOSSIBLE  
POSSIBLE**

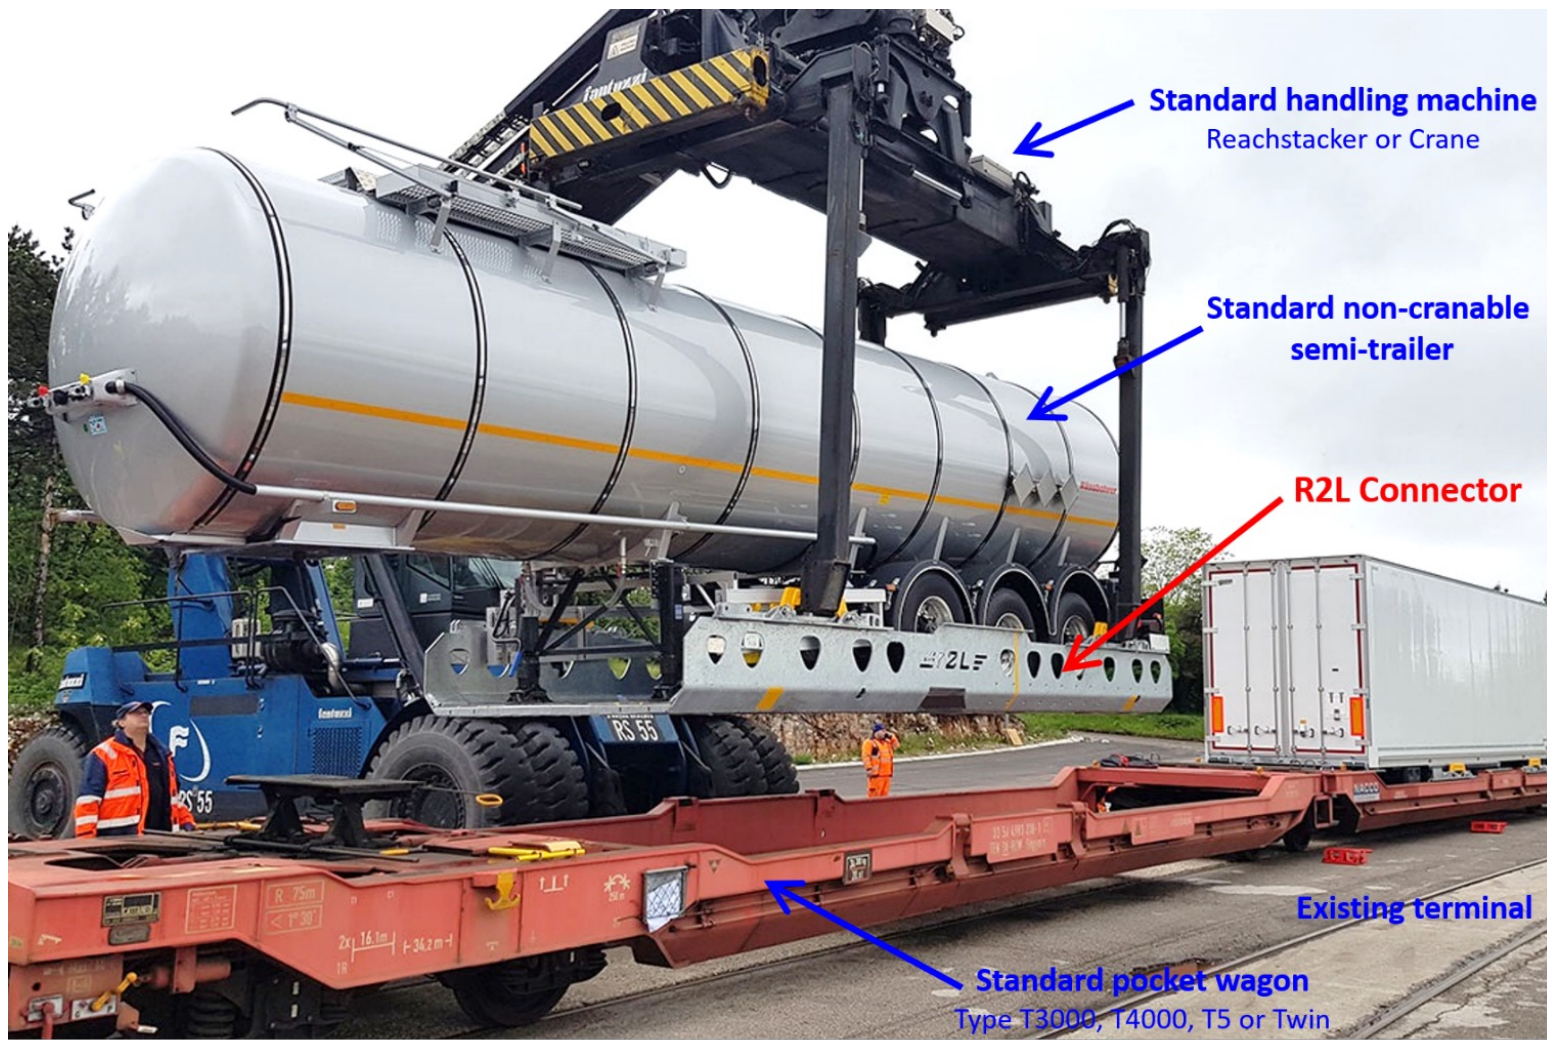

# R2L TRAILER USE

**Standard handling machine**  
Reachstacker or Crane

**Standard non-cranable semi-trailer**

**R2L Connector**

**Existing terminal**

**Standard pocket wagon**  
Type T3000, T4000, T5 or Twin

# R2L MULTIUSE CONNECTOR – LOADING FLEXIBILITY

---

NO ONE LEFT BEHIND

Ensuring the optimal use of space all  
in one go

USING R2L  
CONNECTORS =  
CONTRIBUTING ON  
REDUCING EMISSION

# R2L MULTIUSE CONNECTOR

1

DIRECT  
HANDLING IN  
FRONT OF  
WAGGON

2

SUITABLE  
FOR ALL  
KIND OF  
RUBBER  
WHEELED  
VEHICLES

3

LOADING  
CAPACITIES – 2  
TRUCK TRACTORS

4

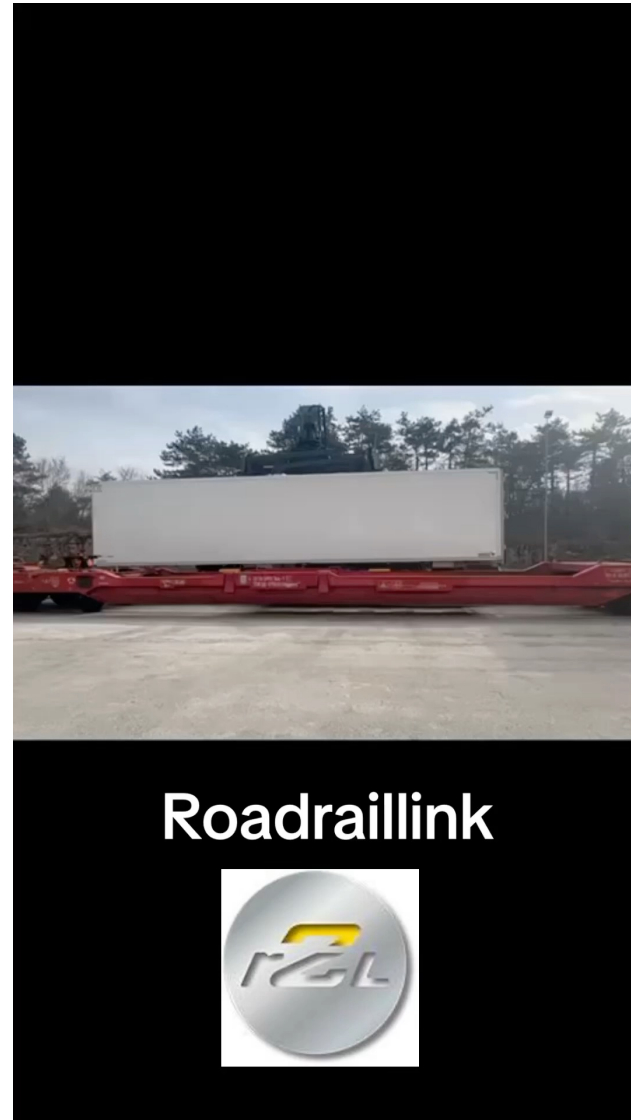

UP TO 3 LIGHT  
COMMERCIAL  
VEHICLES

5

UP TO 4  
CARS

6

EACH KIND  
OF SEMI-  
TRAILER  
FLAT  
WAGGON  
SOLUTION

# *Time to connect for energy, cost and environmental efficiency*
