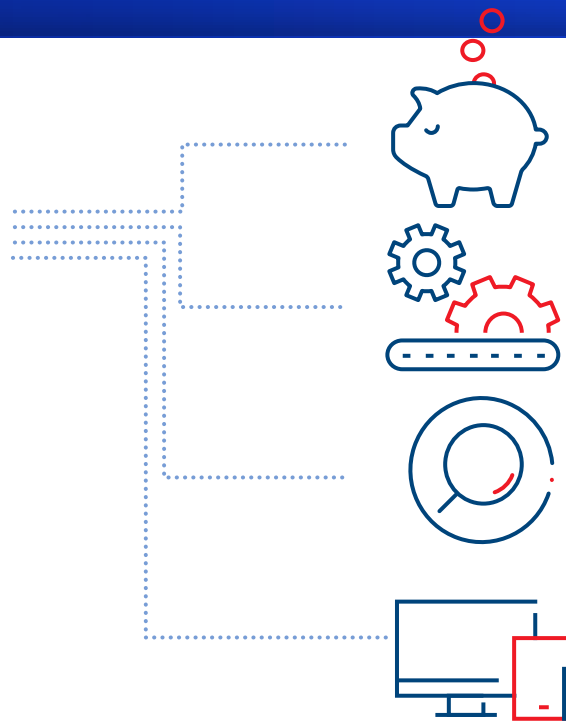
MAIN OBJECTIVES



COST EFFICIENCY

SMOOTH OPERATIONS

CONSTANT CONTROL

PERFECT OVERVIEW

IDEO – A RAIL CONTROL TOWER

ONE STOP SHOP: YOUR SINGLE POINT OF CONTACT

+1 200

wagons managed
Fleet optimization & synthetic return rate

Real Time

Geolocation visibility for each wagon
Proactive monitoring

Full service

Heavy & Light maintenance
Root cause analysis
Proactive action plans

Railway companies

Partnership with major European railway companies.

Network

Transport plan conception
European Coverage
Sizing & process
Procurement

Dashboard

Full real time
& independent KPI's
for fleet, maintenance, performance, and costs.

TAILOR-MADE APPROACH

For each request, **we can adapt and adjust** the capacity to your volumes, goods and specs

- Train schedules / transit-time
- Number of train / capacity
- Type of wagons
- Direct access to your rail-connected terminal
- Cross Dock Truck to Train
- Pre & post carriage
- Estimate the CEE French government support
